

ALLIES CHANGE THEIR ATTITUDE TOWARD GERMANY

Treaty Enforcement Would be Dangerous to Europe

MAY REDUCE INDEMNITIES

LONDON, March 2.—A noteworthy phase of the present meeting of the peace conference is the changed attitude toward Germany. In high diplomatic circles it is asserted that the conference has come to recognize that Germany ruined world a weak spot, and a dangerous spot in Europe.

Great Britain, and personally David Lloyd George, the British premier are credited with being the chief forces in bringing about this policy. The French peace delegation is described as moving toward this point of view reluctantly, although it is moving. How to set Germany on her feet is one of the largest questions the conference is now considering.

It is expected that a plan will be arranged which will offer indemnities to the rich smaller neutral countries to subscribe to a loan. Even England, her representatives believe, will contribute officially and unofficially at the English financial commitments of various sorts arising from the war are greater than those of any other nation.

The question of finally fixing Germany's war indemnities at a specific sum also is being discussed. The belief is expressed that German government can organize its finances and industries more efficiently if the German people know exactly what their obligations are and what they are to be called upon to pay.

The purchase and allotment of raw materials and food, which the conference is considering may involve consideration for former enemy countries. They probably will be given fair share in the distribution in accordance with the new policy of putting them on their feet.

The peace conference is reaching its decisions more slowly than otherwise would be the case because of the difference of language. The proceedings are being conducted in three languages—English, French and Italian. There are no members of the conference who understand all three languages and few who understand even two perfectly. This involves interpreting and reinterpreting everything said at the council table.

GOV. LOWDEN VISITS HIS BIRTHPLACE

SUNRISE, Minn., March 2.—Governor Frank O. Lowden of Illinois visited his birthplace here today for the first time in thirty years, and was given an enthusiastic reception. School children had a holiday and with their parents were on hand to greet the Governor and Mrs. Lowden and their party.

Governor Lowden delivered an address at the town hall. His talk was chiefly of reminiscence nature. Late today the governor made two addresses at North Branch, near here.

In these speeches he dwelt principally upon the advantage of a budget system for national appropriations. He told of the work of the budget in Illinois and said the same plan might be worked to advantage in Washington.

GEN. WOOD FILES WITH EMMERSON

Springfield, Ill., March 2.—The petition of Major General Wood as a Republican candidate at the presidential preferential primaries to be held in Illinois April 13, was filed in the office of Secretary of State Louis L. Emmerson today. The petition bore 1,000 signatures, representing all parts of the state.

The petition was brought to Springfield by Col. William McChester, chairman of General Wood's campaign committee in this state. The petition of Governor Frank O. Lowden was filed several days ago. None of the other Republican candidates have filed petitions and no Democrats have filed.

Petitions can be presented to the secretary of state until Thursday night.

SWINDLED OUT OF THOUSANDS

Chicago, March 2.—Louis Hartman, said to be a wealthy clothing manufacturer of New York, complained to police today that he had been swindled out of \$15,000 by three men who induced him to bet on fake horse races.

SEEKS TO COMPEL 2-CENT FARE IN STATE

Springfield, Ill., March 2.—Meyer Stein, attorney of Chicago, today presented a petition to the Illinois Public Utilities Commission, requesting an order to the railroads operating in the state to compel them to put into effect the two cent fare law.

REPUBLICANS COVER

West Plains, Mo., March 2.—Republicans of the fourteenth congressional district held a conference here today.

ILLINOIS CONGRESSMEN STRONG FOR LOWDEN

WASHINGTON, March 2.—The Illinois Republicans in congress joined today in a message to the Leonard Wood campaign committee of that state characterizing as offensive, a telegraphic request from the committee that they support General Wood for the presidential nomination or else name someone in each district who would do so.

"The delegation, as a unit, wishes to express its firm belief that the state of Illinois is not in any sense of the word for Leonard Wood for president said the joint reply and that the delegation and the state are unqualifiedly for Governor Frank O. Lowden and that the tone and manner of the telegram in question is offensive to every member of that delegation."

Senators Sherman and McCordick as well as all of the twenty-two Republican representatives from the state signed the message.

EXONERATE OSBORNE OF IMMORTALITY CHARGES AT PORTSMOUTH PRISON

Report of Special Board of Investigation Made Public by Roosevelt

WASHINGTON, March 2.—Charges of immorality and lack of discipline among the inmates of the Portsmouth, N. H., naval prison were held to be without foundation in the report of the special board of investigation made public today by Assistant Secretary Roosevelt, a member of the board.

The board's report upheld the administration of Commander Thomas Mott Osborne, declaring that the allegations made against his administration were based on hearsay evidence and unreliable witnesses.

Formal charges of immorality lodged with the navy department by agents of the department of justice were declared by the board to be based on similar evidence and witnesses.

The practice of using prisoners as prison guards put into effect during Commander Osborne's administration is justified by a record of only eight escapes in two years, the board declared.

The board recommended that in order to cut red "tape" in administration the Portsmouth prison be placed under the jurisdiction of a departmental bureau as to all matters of internal management instead of the commandant of the Portsmouth Navy Yard as at present.

TAUSSIG PRESIDENT OF WABASH SYSTEM

NEW YORK, March 2.—J. E. Taussig, manager of the Wabash railroad during government control, was elected president of the road at a meeting of the board of directors here today. He was president before the government took over the railroads.

William B. Williams who acted as president and chairman of the board of directors under the federal administration was chosen chairman of the board.

DISCUSS RUSSIAN PEACE PROPOSALS MARCH 16

London, March 2.—The Latvian league here announced today that the peace proposals of the Russian soviet government will be discussed at a conference of the border states at Warsaw, March 6.

Steps Taken To Settle Rail Wage Controversy

WASHINGTON, March 2.—Definite steps were taken today toward settlement of the railroad wage controversy, which has been pending since last August. Representatives of railroad workers, with the exception of one group, agreed to cooperate with the government and the railroads in giving a trial of the transportation act with its arbitration clauses and President Wilson in letters to both the association of railway executives and heads of the fifteen workers' organizations requested that they select representatives to sit on the bi-partisan wage board. Prompt action was urged by the bi-partisan wage board. The one group of workers which has not entered into the agreement "to go along with the president" was the Brotherhood of Maintenance of Way and Shop Laborers, which recently withdrew from the conferences between union heads and the railroad administration. Commitment between employer and employee might not longer be delayed. The one group of workers which has not entered into the agreement "to go along with the president" was the Brotherhood of Maintenance of Way and Shop Laborers, which recently withdrew from the conferences between union heads and the railroad administration. Commitment between employer and employee might not longer be delayed.

In a statement tonight explaining their position the union spokesmen said that although they could not approve of the transportation act they had agreed to aid in giving the law a trial "in the interest of the railroad labor and as American citizens."

Labor's criticisms and protests against this legislation are a matter of record and were presented to congress, the president and the public. The statement said:

"We have not changed our views in regard to this legislation and therefore do not endorse the law; however, as American citizens, we feel that in the interest of railroad labor there is nothing left for us to do at present except to cooperate in the prompt creation of the machinery provided for in law."

The president in his letters said he had turned over direction of the preliminary wage negotiations to Director General Hines who was entrusted with details of the winding up of government control. Both the railroad executives and the union heads were asked to notify the director general of their representatives on the board and were informed that Mr. Hines would arrange for the first meeting at which all will be determined all questions of procedure.

LEGION OFFICIALS APPEAR BEFORE HOUSE COMMITTEE

Back Pay for Former Service Men is Sought

MANY PLANS SUGGESTED

WASHINGTON, March 2.—Representatives of the American Legion, appearing today before the house ways and means committee at its initial public hearings on a mass of bills designed to help former service men, strongly objected to popular characterization of soldier relief legislation as a government bonus.

Extra back pay, based on length of service for men not desiring aid thru land settlement, home building or vocational training was advocated by Franklin D. Oiler, national commander of the legion, who declared that the legion men, with the tumult of war still ringing in their ears, firmly believed the government owed an obligation to all who came out of the conflict handicapped bodily and financially.

There was a flare up at the outset over method of procedure in hearing more than 300 persons who have requested an opportunity to express views on how best to aid the soldier. Charges made on the floor of the house that the soldier bills had been sent to the committee for burial until after the November election, were mentioned and sharply denied.

The wrangle got so general that the hearing ended in confusion, the committee later agreeing at an executive session to listen to all witnesses, starting tomorrow, if it took two months.

Commander Oiler and Thomas W. Miller of Wilmington, Del., chairman of the legion legislative committee did not conclude their general statements, and the questions asked by members of the committee did not indicate how the bonus fund, if voted by congress, would be raised.

It was thought out during the examination of Miller that the legion wanted assistance for every body in the service, the witness suggesting that relief might be handled by the sixty bonus which went automatically to all enlisted men, and to officers requesting it. Chairman Fordney, referring to Miller's statement that the legion did not want soldier relief administered as the war risk insurance bureau administered it, denounced the action of an inspector of that bureau who refused aid in the case of a lawyer-soldier both of whose legs were broken and who was otherwise injured.

Finding that the applicant was a lawyer the inspector, according to information presented to the chairman, he declared he did not deserve help or sympathy as a man by his conduct, going before a jury would win every cause he pleaded.

"I think we ought to get that inspector and send him where Emma Goldman has gone," Mr. Fordney said.

LARGE CARGO OF FURS

Portland, Oregon, March 2.—Furs valued at \$750,000 and walrus tusks removed from Siberian glaciers and estimated to be more than a hundred years old were included on the cargo discharged today from the Steamer Waban, from Vladivostok.

Prosecution Rests In Newberry Trial

GRAND RAPIDS, Mich., March 2.—By dismissing the charges against 23 men the government today narrowed the field in the Newberry election conspiracy case to an even hundred defendants. The action came thru Frank C. Dailey, assistant attorney general, just after he had announced the end of the prosecution's direct testimony. Only minor defendants testified in the list of the ten men who pleaded nolo contendere was included.

The cases of these ten probably will not be disposed of until after the jury has rendered a verdict.

Tomorrow has been set aside for motions and arguments. The first of the defense testimony is likely, therefore, not to be offered before Thursday.

An oddity of the list is Willis V. Capron of Frankfort, Ky., arraigned early in the year he pleaded guilty to three of the six counts in the indictment and not guilty as to the others. Shortly before the trial opened he was allowed to withdraw this plea.

He then stood mute. Today the court directed that a formal verdict of not guilty be entered against his name and those of the 22 men discharged with him.

Of the others five pleaded not guilty and seventeen stood mute. The former list was made up of Kennedy, Laing, McKay, Taylor and Wagley. The elimination of Wagley removes one of the picturesque figures of the trial. He was a Grand Rapids, bearing a reputation as a life saver and a reputation as a life saver and a handler of Mackinac boats and as a master of woodcraft and intimate of the Indians at the tip of the lower peninsula.

Wagley's red neckerchief, long beard and slow movements have also marked him among the defendants, especially the smart-

ELIMINATION OF BIG PACKERS FROM MEAT INDUSTRY SUGGESTED

Substitution With Small Local and Co-operative Stock Yards is Urged

WASHINGTON, March 2.—Virtual elimination of the big packers from the meat industry and substitution of small, local and co-operative stock yards and slaughter houses was suggested today by Ed C. Lassiter of Texas, representing livestock growing organizations before the house agriculture committee. The packing business now is uneconomical, Mr. Lassiter asserted, causing injury both to livestock producers and consumers. Transportation of cattle to the packing centers and return shipment of meat to consumers involves an economic loss, he said, which can be eliminated only by legislation to reduce control of big packers and to foster small, co-operative agents widely distributed.

Lassiter also urged separation of large stock yards from packer control. The yards, he said, should not be owned by a holding company but by the railroads as a transportation adjunct.

Independent stock yards and slaughtering plants cannot be developed, Mr. Lassiter said, so long as congress permits the large packers to have such a preponderant share of business. Mere size of the freight the big packers have to distribute the witness declared obtain for the packers special favors from the railroads, which tend to shut off successful competition.

Mr. Lassiter opposed ownership of refrigerator cars by the packers who, he said, also should be divested of all interest in cattle loan companies.

Many of the witnesses who have opposed the pending legislation for packer control, Mr. Lassiter said, were borrowers from the packers or "packer banks."

Mr. Lassiter asserted, however, that the packers and their cattle loan companies protect their borrowers, but their loans he added give the packers power to intimidate their debtors and prevent payment from livestock growers under existing conditions. Co-operative cattle loan organizations supplemented by small co-operative slaughter houses and yards, were suggested by the witness.

McLEAN CO. TRANSACTIONS TOTAL FOUR MILLIONS

Bloomington, Ill., March 2.—Farm deals aggregating four million dollars have been filed here since the March 1 rush of business this year in the office of the county recorder. There has also been a large number of releases of mortgages, which show the prosperous condition of McLean county.

CHICAGOAN WINS FOURTH STRAIGHT

Boston, March 2.—Percy Collins of Chicago by winning from S. Ampley of New York today the national amateur 182 lb. bantamweight championship tournament, made his tourney record four wins without defeat. The score was 300 to 211. Collins, with high runs of 42, 33 and 32 overcame 7-13-41 for the innings of play.

TWO MORE G.O.P. RESERVATIONS TO TREATY PASSED

Senate Favors Provision Affecting Monroe Doctrine

SHANTUNG NEXT ON PROGRAM

WASHINGTON, March 2.—Two more of the Republican reservations to the peace treaty, one of them affecting the bitterly debated Monroe Doctrine provision were re-adopted in the senate today without change and by greater majorities than they commanded when originally presented last November.

The Monroe Doctrine reservation which senators have been told is scarcely less objectionable to President Wilson than that relating to article ten got the support of fifteen Democrats and won 58 to 22, after a substitute drafted by the Democratic leaders had been rejected.

The vote on the Republican proposal was 55 to 34 in November, when only nine Democrats supported it. The other reservation acted on asserts that the full jurisdiction of the United States over purely domestic questions was adopted 56 to 25, with 14 Democrats helping to make up the majority. In November it got the votes of only eleven Democrats and was adopted 59 to 26.

Little debate attended the Senate's action all elements apparently conceding that the successive roll calls were merely formalities to let everyone go on record once more before the final deadlock, which now generally is expected by the treaty over into the campaign.

On the Monroe Doctrine reservation several Democrats who did not vote for adoption in November swung over to the Republicans on roll call. Their defection on that issue was declared by Republican to be a significant development in view of recent intimations reaching Democratic senators that the president had singled out the Monroe Doctrine and article ten reservations as particularly objectionable. It was over these reservations that the bi-partisan compromise negotiations came to grief the Republican leaders serving notice that they would consent to no modification in either and the Democrats indicating that neither would be acceptable they said today.

Tomorrow the senate is to consider the Shantung provision.

FARMERS ADJOURN THEIR SESSIONS

SPRINGFIELD, Ill., March 2.—A Danville delegation was successful today in landing the next annual meeting of the Illinois Farmers' Institute for their city. The Danville Boosters offered a building in either the city or Danville and emphasized the railroad facilities of their city. The board of directors of the institute selected Danville after hearing delegations from Dixon, Peoria and Monmouth.

The board adopted a resolution urging the railroads to reinstate the preferential rate for the shipment of limestone. Since the roads have been under government control there has been an increase of approximately 400 per cent in the shipping schedule for limestone the resolution says.

STRIKE ENDED

Milan, Italy, March 2.—The strike which has been in progress here for some days ended today. Work everywhere was resumed.

Senator Johnson Opens Fire On His Opponents

MITCHELL, S. D., March 2.—Senator Hiram W. Johnson of California tonight opened fire upon his leading opponents for the Republican nomination for the presidency, charging that the expenditure of money in the South Dakota primary is such as has seldom been seen in any campaign in any state.

"It is obvious," said the senator, "that this state has become a tremendous battle ground of the wealth and power and financial resources of my two leading opponents."

"Seldom in any state has such an extravagant expenditure of money in a primary campaign been seen. I cannot compete with them in this kind of contest. It may be their good fortune and my misfortune, but I have had no great corporation, no trust, no powerful financial interests. In this commonwealth I am pitting whatever of ability, of courage, of energy and of character God has given me against the wealth, the influence and the power of organized politics and organized big business in politics. I am depending here, as ever in my political contests, upon the home loving, God fearing, free patriotic citizenship, that inarticulate mass who make this country great and insure its future destiny."

Discussing the high cost of living, Senator Johnson said:

"I cannot cure the high cost of living. You cannot cure it. But we can run the scale scientifically from the original producer to the ultimate consumer, and when we ascertain that the profiteering is we will take the profiteer and treat him as the traitor he is and punish him as he ought to be punished."

"Perhaps then we can stop something of the high cost of living."

The senator said it was "impossible to bury the American flag and make the American people walk over its grave without its becoming an issue in the American campaign."

"I do not care what politicians may assert," he continued, "the issue is here right now, and the issue will be with the American people until they themselves decide it."

The senator said he had no apologies to make for talking about the league of nations.

"The difficulty is that some of our friends are willing that Europe shall decide this issue, while we insist that America must decide it," he asserted.

HOUSE IGNORES REPORT OF SUB COMMITTEE

WASHINGTON, March 2.—By a vote of 210 to 39 the house today refused to stand by the action of the sub-committee on appropriations in eliminating from the legislative appropriation bill provision for continuing the department of commerce foreign trade attaché service.

Representative Sisson, Democrat, Mississippi, took care of the committee lapse by offering an amendment providing for expenditure of \$165,000 for the service. It was ruled out on a point of order but the house overruled the decision of the chair and later adopted the amendment. The house also voted to increase from \$175,000 to \$325,000 the appropriation for employing trade specialists to make investigations abroad and for publication of the reports of consular agents. Without debate the house then approved an appropriation of \$100,000 for promoting trade with South and Central American countries.

CON CON BODY HEAR EXPLANATIONS OF REVENUE PROPOSALS

Various Taxation Articles for New Constitution are Discussed

SPRINGFIELD, Ill., March 2.—The Illinois constitutional convention devoted the entire day today, and part of tonight, to listening to explanations of revenue proposals. Various taxation articles for the new constitution were discussed by speakers invited to address the convention.

Propositions to prevent the wildest financing of municipalities were discussed by William F. Struckmann, tax expert of Chicago.

Frank L. Shepherd, also a Chicago tax expert, spoke on the necessity of the property classification in new taxation laws.

Other speakers were Frank I. Mann of Gilman, a director of the Illinois Farmers' Institute, Hayden N. Bell, former assistant state attorney of Cook county and Kimball E. Valentine of Chicago.

The total number of proposals before the convention was brought to 333 today by the introduction of eight new propositions.

In the future members must obtain unanimous consent of the convention to introduce proposals. The rules of the convention provide that no proposals shall be introduced after March 1 unless unanimous consent is obtained.

President Charles Woodward urged the members today to introduce as few proposals as possible in order to allow the committees an opportunity to work on those which have already been introduced.

STREET CAR MEN STRIKE IN DUBUQUE

DUBUQUE, Ia., March 2.—Dubuque this morning was in the grip of a street car strike with no prospects of an early settlement.

After two hours spent in heated discussion from midnight until 2 o'clock this morning, car men refused to heed the plea of their president, C. C. Meade, to accept a temporary compromise offer of 50 cents an hour and taking the situation in their own hands called the walkout.

PLAYERS BURNED TO DEATH

FORT MYERS, Fla., March 2.—Captain R. C. M. Page, who was decorated for distinguished service in overseas air service and two passengers were burned to death near Everglades, Fla., late today in a fall over a seaplane which caught fire. Captain Page was said to have brought down three German planes in Europe.

JUGS REAFFIRM THEIR STAND ON ADRIATIC DISPUTE

Urge Strict Adherence of Allied Agreement of Dec. 9

NOTES ARE MADE PUBLIC

WASHINGTON, March 2.—Strict adherence to the American, French and British agreement of December 9 on the Adriatic question characterized the reply of January 20, of the Jugo-Slav government to the French and British ultimatum on January 14. The Jugo-Slav note, made public today by the state department raises many of the same objections set forth in President Wilson's note of January 19, protesting against the overturning of the previously agreed solution.

The single insistent difference which distinguishes the point of view of the Jugo-Slav reply is over the cession to Italy of the Island of Lisa, which, according to the Jugo-Slav note, is "purely Slav and from an economic point of view indissolubly united with Dalmatia."

The note declares such an "unjustifiable and annexation of purely Jugo-Slav territories would bring about a new and flagrant violation of the principles of nationalities. It would inevitably create a hot bed of irredentism within the frontiers of Italy of a nature precisely analogous to that which was held as a justification of the claims of 'Italia Irredenta' in which its return to the mother country was demanded."

The aggrandizement of Italian to the east of the Wilson line in Senozetia region, the note asserts cannot be justified on the grounds of better protection for Trieste. By bringing a line to within six kilometers of the Saint Pierre railroad junction it is added the Vienna artery of the Jugo-Slav railroad lines would be directly menaced. While accepting the independence of Fiume, and Zara the Jugo-Slav government records its vigorous objection to the separation of the diplomatic representatives of the cities from the control of the league of nations. It is argued that such a course paves the way for rebellion and annexation.

Along with its constrained acceptance of the independence of Zara the Jugo-Slavs emphasize the imminent danger of commercial ruin which must ensue with the separation of Zara from its administrative association with Dalmatia and for this reason the right to transfer the credit to the bank of Dalmatia from Zara is regarded a taking power from the city.

The solution of the question would best followed by a continuance of the status established by the conference of ambassadors in London, the Jugo-Slav government suggests, in 1913, which was for a local autonomous government without outside interference. In the event of any temporary compromise offer of 50 cents an hour and taking the situation in their own hands called the walkout.

RELEASE TWELVE ITALIAN GIRLS

NEW YORK, March 2.—Twelve Italian girls, who came to the United States to marry American soldiers, but who have been held at Ellis Island because they could not pass the literacy test learned tonight Washington had ruled that they may be admitted to the country for sixty days—providing they sign a pledge not to marry during that time.

If Senator Calder's bill to exempt them from the reading test is passed they will be free at any time to wed their soldier lovers. Even if the bill fails to become a law, there is a chance for the girls, for during the six days they may learn to read the required forty words and return to Ellis Island to demonstrate their accomplishment.

Each soldier must get a friend or relative to furnish a \$500 bond to guarantee that his prospective bride will not become a public charge.

Every man has expressed his determination to send his "girl" to school—day, night or both—until she can read.

THE OPEN POLICY WILL PAY.

Both the labor unions and the owners of the railroads, it is said, are planning to enlist the sympathy of the public. The brotherhoods want higher pay and the roads want higher rates. If they pursue the policy they have outlined and frankly take the public into their confidence—tell all the facts—there is really hope for finding some satisfactory solution of this tangle of railroad management.

LEAVE NO DOUBT ABOUT THEIR POSITION.

The Illinois delegates in congress sent a telegram of protest

yesterday to the Gen. Wood Campaign committee in this state. The committee had in a very tactless and short-sighted way asked that workers for Gen. Wood be designated in all districts. The two Illinois senators and all the congressmen joined in the answer, which was very much to the point and will certainly leave no doubt in the minds of the Wood committee as to where the Illinois delegation stands with reference to Gov. Lowden as a presidential candidate.

PROTECT THE PAVEMENTS.

The city council acted wisely in filing objections to the opening of the West State street pavement for sewerage in connection with the new high school building. This does not mean that the city council is unfriendly to the board or seeks to interfere with the building plans. It does mean that the council believes some way can be found to accomplish the desired improvement without breaking into this pavement when there is no means at hand for properly repairing it.

It is a common saying in Jacksonville and one known to be true, that carelessness in connection with the opening and repairing of pavements has cost citizens large sums and resulted in very bad stretches of pavement.

ON A BUSINESS BASIS.

Ministers from Jacksonville are planning to go to Chicago next Monday to attend the inter-

church federation conference. The ministers from all over the state of Illinois have been invited and it is expected that at least 3,000 will attend and thus get first hand information of the methods of operation that the inter-church movement contemplates.

It is said that those most active in the organization do not now propose any union of all the Protestant denominations. They do propose that in individual communities there shall be a certain community of effort such as is suggested by practical common sense. The records show that in some towns with population of less than 2,000 people, there are 10 churches, representing as many denominations, struggling along weekly and accomplishing nothing. It is in such communities that an effort will be made to both reduce the number and to strengthen the churches.

The inter-church movement recognizes that there is an over-investment of capital in the church business and that the dividends are not being paid in the manner possible if sound business management is substituted for that dictated only by denominationalism.

HARVEY'S HUMOROUS HARVEST.

Colonel George Harvey of Harvey's Weekly found a rich field in the Wilson-Lansing correspondence, and gathered a humorous harvest.

No, Mr. Wilson is not crazy; he is just mad, not as a matter, but as a hornet that has been stung upon; so mad that he can't bear it without stinging.

"Only a year ago Woodrow Wilson was not only the greatest man on earth, but the greatest man who had ever been on earth or anywhere else, so far as we know."

"And now! Every bubble burst. Hated by Italy, reviled in France, calmly ignored in England and awaiting in his own country a verdict of violent repudiation such as has never been recorded in the history of this Republic."

"Is not not remarkable that he has not broken out before with something that would have seemed equally crazy? Quite likely poor Lansing happened to be the first suitable goat to appear. Anyhow the first letter was indited—only, crafty, insinuating and utterly false in all its implications."

cations; in a word, as we have remarked, wholly normal."

PARK BOARD MET TUESDAY EVENING

Held Session at the Home of Mrs. Hollinger — Considerable business transacted

The Park board held a meeting at the residence of Mrs. George Hollinger Tuesday evening. It was the intention to meet with the president S. W. Nichols, but his attending physician felt that it would not be wise, which caused a change of plans.

All members were present except Mr. Nichols. Mrs. Hollinger was chosen president pro tem. More insurance was ordered taken on the refreshment stand. All properly approved bills were ordered paid.

All bids were rejected on the Custodian's house at Nichols park. A proposition from Mr. Clark to rent the land north of the Vandalia road was accepted.

The committee appointed to investigate the matter of raising the large pavilion and putting a basement underneath recommended that the basement be placed under the pavilion at this time. However, owing to the high cost of material and labor it was decided not to raise the pavilion.

Custodian Hopper, was instructed to purchase a new horse for the park. The pavilion in Duncan park also was ordered painted.

James Ball was awarded the contract for moving the barn at Nichols park to high ground. Since the building of the new dam the barn is located in a swamp. The buildings which have been serving as bath houses were ordered removed.

A committee consisting of Mrs. Hollinger and Mrs. Wehl was named to see E. H. Gray, of the Jacksonville Railway company. The board feels that something should be done toward providing better facilities for alighting and boarding street cars for those who visit the park. The board then on motion adjourned.

SYNOPSIS

As a play "The Fortune Hunter" won fame from coast to coast. It has drawn capacity houses in about every city in the country and is always a favorite vehicle for stock companies. The film version has a much wider range. Scenes that were impossible to stage owing to the limitations of paint, canvas and time are included in the picture. The natural scenery, the rural atmosphere and the accurate eye of the camera give a force and beauty to the action that is otherwise impossible. The story in itself is one of absorbing interest. It is the type that is ever popular with old and young because it idealizes youthful aspirations and achievements.

LOUISE GLAUM "SAHARA"

By C. Gardner Sullivan

Supervised by Allan Dwan

In Cairo, in the magnificent Palace of the Dawn, lived Mignon, the butterfly creature who craved admiration. Very material want was hers, yet she was unhappy. Around the corner was the Street of Beggars where dwelt stark poverty, deadly diseases and filth beyond description, and there, in that terrible hovel of sorrow, the woman who sought happiness in giving to the poor found it in a beggling child and an old demented, hashheesh-drugged man whose one idea was to find and kill the woman who deserted him. These miserable creatures are her husband and child.

So beautiful are the lighting and tinting effects in "Sahara," starring the magnetic Louise Glaum, that even the morbid scene described above is made an artistic picture that pleases the eye as much as the scenes of splendor in the Palace of the Dawn. J. Parker Read, Jr., presents Louise Glaum in "Sahara," written by C. Gardner Sullivan and supervised by Allan Dwan.

SCOTT COUNTY FARMER HOLDS PUBLIC SALE

James T. Wilson Disposes of Livestock, Implements and Feeds to the Value of \$10,000—Two Funerals Held Tuesday—Other Winchester Notes.

Winchester, March 2.—James T. Wilson held a public sale at his farm southeast of Winchester Monday. There was a large crowd in attendance and the sale ran to about \$10,000. A large number of farm implements were sold and also some hay. Alfalfa hay sold at \$30.50 per ton and timothy hay at \$22.50. One span of mules brought the sum of \$642.50, another sold for \$620 and a third span for \$582. There were a few horses offered for sale and they brought satisfactory prices. L. L. Seely of White Hall, was the auctioneer and W. L. Bagshaw the clerk. The ladies of the neighborhood served lunch and realized a goodly sum which will go into the fund of the Brown school house.

The funeral of H. P. Levinson, was held at the family home Tuesday afternoon at 2 o'clock, with Elder J. H. Coats in charge. Music of a suitable character was furnished by Mrs. Harry Stewart, Mrs. Ada Lankford, Mrs. Olive Wells, Misses Pearl Wilson and Emma Bates.

The pallbearers, all veterans of the late world war were, Jesse Evans, Roy Tankersley, Lee Brown, Hart Cohagan, Verlin Summers and Milton Cowhick. Interment was in Winchester cemetery.

Herbert Hainsfurther arrived Tuesday from New York City, to visit his parents, Mr. and Mrs. Sol Hainsfurther. The funeral of the late Mrs. Charles Smithson, was held at 1:30 o'clock Tuesday afternoon at the late home of the deceased, with quite a large number of friends and relatives in attendance. The services were in charge of Rev. W. R. Johnson, of Jacksonville, and music was furnished by a quartet including Mrs. W. H. Kinison, Mrs. Thomas Smithson, E. J. Markkille and S. G.

Smith. Miss Ethel McClure acted as accompanist.

Interment was made in Winchester cemetery, the pallbearers being six nephews of the deceased, James and Clarence Smithson, of Viridian; Joseph and William Campbell of Chatham; Albert Hamilton, Beardstown; Thomas Smithson, Winchester.

Among those from out of town to attend the funeral services were Mrs. Sallie Dawson of

Springfield, Miss Mary Campbell, Waverly; Mrs. Olive Smithson, Girard.

Miss Helen Kinison, returned to school Tuesday afternoon, after an illness of two weeks.

Miss Helen Chamberlain, arrived Monday night from St. Louis, to take a position as trimmer in the millinery store of Miss Pearl Wilson.

MARY PICKFORD

In Her Third Picture from Her Own Studio, With Her Winning Smile

"Heart O'the Hills"

The same beloved Mary Pickford in an entirely new role, that of a mountain girl fighting her feudist battles and afraid of "Nobody nor nothing." "You dare to pull my hair," cries Mary Pickford, as the little mountain girl just starting to school. And Mary shows the boys she can fight with her fists for her rights. It is the inimitable Mary with her laughs and frowns and intrepid daring, in the story of the feudist fights of the old Kentucky mountaineers.

Any price is too much to pay for a poor diamond. Any diamond is a good investment if it is a good diamond.

FOR AN INVESTMENT

Only diamonds of great brilliancy, fine color and without unsightly or dangerous defects should be considered.

Diamonds of poor brilliancy and color are plentiful and cheap and grow more so every year. The supply of light brown and dull white diamonds is far in excess of the demand and they simply have no future as an investment.

INCOME-TAX FACTS SHOULD KNOW

Complete returns, both of individuals and corporations, must be in the hands of collectors of internal revenue on or before March 15, 1920. Extensions will be granted only in specific cases where urgent need for additional time in preparing the returns is shown.

Last year, if for good and sufficient reasons it was found impossible to complete a return by March 15, corporations and individuals were permitted to file on or before that date a tentative return and were given an extension of 45 days in which to file a complete return. Conditions which justified such extensions do not exist this year.

Where addition time is actually required, because of illness or absence, the collector of internal revenue may grant an extension of not to exceed 30 days upon written application therefor made before the return is due. If before the end of the 30-day extension an accurate return can not be made, an appeal or further extension must be made to the Commissioner of Internal Revenue, with a full recital of the causes for the delay. The commissioner will not grant an additional extension without clear showing that a complete return can not be made at the end of the 30-day period.

The tax may be paid in full at the time of filing the return or in four installments, the first of which must accompany the filing of the return. The subsequent installments are due on or before June 15, on or before September 15, and on or before December 15.

If the return is not filed within the time specified, the taxpayer is subject to a penalty of \$1,000 and to an additional assessment of 25 per cent of the amount of tax due.

The return should be sent to the collector of internal revenue for the district in which the taxpayer has his residence or principal place of business.

When a person required to make a return is unable to do so because of illness, minority, absence, or non-residence, it may be done by an agent having sufficient knowledge of such person's affairs to enable him to make a complete and true return.

Payment may be made in cash, bank check, or draft. Collectors will receive certified checks and the tax will be considered paid as of the date the check was received, provided it is not later dishonored. If a check is not paid upon presentation, liability for the tax and all penalties are revived.

Penalties for Evasion. Where a return is wilfully false or fraudulent or contains false or fraudulent statements made with intent to evade the tax, the penalty is a fine of not more than \$10,000 or imprisonment for not more than one year, or both, together with an additional assessment of 50 per cent of the amount of tax evaded.

Where the understatement is due to negligence without intent to defraud, the penalty is 5 per cent of the amount of the deficiency, plus interest at the rate of 1 per cent per month on such amount from the time when it was payable. If the return is made in good faith and an understatement is made without any fault of the taxpayer, there is no penalty, but the tax will be increased to the proper amount.

Taxpayers are urged by the Bureau of Internal Revenue not to delay in the filing of returns, and to pay taxes in as few installments as possible. During the closing days of the period for filing returns collectors of internal revenue are overwhelmed with work and can not devote as much time as is desired to the instruction and assistance of taxpayers. Prompt action means better service and the avoidance of probable later difficulties.

PAGEANT AT GRACE CHURCH

Dr. Parker and Dr. Ross, two returned missionaries from India with the aid of twelve or fourteen local people gave a pageant at the Grace church last evening. The pageant represented scenes in India and the way the natives were coming to the missionaries and asking for help.

The need in India is for more teachers and at the present time the churches are making an effort to train a large number of native teachers to help in this work.

Dr. Parker and Dr. Ross are sent out under the direction of the Foreign Mission Board of the Methodist church.

A LONG SOUGHT RELIEF FOR WOMEN

Woman's highly nervous and complex organism is very easily affected by the strain of her duties. The continual drain of housework alone, puts a burden upon the system which, if not relieved, soon makes an old woman out of many a young and energetic Mother before her time.

Especially is the back the point of severe strain and the cause of suffering. It is the pressure of strained, moveable bones of the spine on the nerves that causes disturbed functions and leaves women fagged-out.

CHIROPRACTIC WILL BENEFIT

For this reason, women who are run down because of housework, or business duties, find Chiropractic of benefit. The Chiropractor adjusts the spine, corrects spinal defects and removes the pressure from the nerves. Normal nerve function is thus restored and Nature goes about its work unimpeded, to build up the system, strengthen the weak and diseased organs and increase the disease resisting-power of the body. There is nothing embarrassing about Chiropractic. No drugs or surgery are used, yet it insures the best results.

CHIROPRACTIC THE BETTER WAY TO HEALTH

Many women who are not sick, but who feel run down and tired, take Chiropractic adjustments to keep fit and to maintain their bodily vigor. For Health's sake learn more about Chiropractic (KI-RO-PRAK-TIC). Have a competent chiropractor give you a free analysis of your spine and information, or send your name and the names of your ailing friends, and literature will be furnished.

WILCOX FUNERAL HELD AT MEREDOSIA

Mrs. Mary Wilcox Laid to Rest With Impressive Services

Meredosia, Ill., March 2.—The funeral of Mary Ellen Wilcox took place Friday afternoon at the Methodist church, the pastor, Rev. Fred Reed, conducting the services. A quartet composed of J. A. Hildebrand, A. G. Pond, Mrs. H. D. Berger, Mrs. J. G. McLain with Miss Nellie Waldo as accompanist, sang, "Lead Kindly Light," "Beautiful Isle," "Home of the Soul," and "Jesus Lover of My Soul."

The bearers were J. A. Hildebrand, T. B. Dudhope, William Ayers, J. C. McLain, A. J. Leslie and Luther Cline.

Her maiden name was Mary Ellen Bishop. She was born Dec. 14, 1852 at Readsboro, Vermont, and passed away Feb. 25th after years of failing health and for the past eighteen months was unable to leave the house. She was united in marriage to Jules D. Wilcox Aug. 30, 1867. To this union were born five children, one daughter, Carrie, and four sons, Louis, Joseph, Edward and Oscar. She is survived by only one son, Oscar, who cared for the mother during her years of illness.

Deceased was a member of the Methodist church and had made her home in this city for the past forty years.

Martin.

Charles Martin, a farm hand, died at his home in Alexander about 12:30 o'clock this (Wednesday) morning. Mr. Martin had been ill for a number of weeks being first stricken with typhoid fever. He suffered a relapse and failed to rally and death came at the hour indicated.

Deceased was about 28 years of age. He is survived by his widow and one daughter. He followed the occupation of farming. No funeral arrangements have yet been made.

RETURN FROM TRIP TO THE WEST

Mr. and Mrs. Alvie McDonald Spent Three Months in California and Mexico.

Mr. and Mrs. Alvie McDonald have returned from a three months' visit in the west. They spent most of the time in California, but made a trip down into old Mexico as far as Mexico City. For several weeks they were with their daughter, Miss Helen McDonald, who is a student at the University of California at Berkeley, and then for several weeks were with their son, Russell McDonald, who is operating a ranch about 20 miles from Los Angeles.

Mr. McDonald said yesterday that the trip was the most interesting that he had ever taken. In California he traveled 4,000 miles by automobile and less than 100 miles of that distance was over earth roads. The living costs, Mr. McDonald found, outside of Los Angeles were not excessive and real estate values in the county areas are steadily increasing. The richest lands in the vicinity of Los Angeles sell for from \$600 to \$5,000 per acre. The climate is so fine in California and the population is increasing so rapidly that Mr. McDonald believes that the prosperity of the country will continue to increase. Mr. McDonald's son this year will have 240 acres of beans and the other crops grown on his ranch will be of a kind to find market with canning factories.

FORMER RESIDENT DIES IN WEST

Mrs. Frederick McDonald Passes Away In Seattle

The Post-Intelligencer of Seattle, Washington recently had the following regarding a well known former resident of this city. Mrs. McDonald was known here as Miss Mary B. Baldwin. She, with her mother, made her home here with the Billings family, and they resided in the present Hucklebee house, and latterly in the Jackson house on West North street, straight north of the first house. Mrs. Baldwin was a sister of Mrs. Billings, and they all came from Beardsboro about 1870.

Mrs. McDonald was an attractive young lady and her good looks evidently stayed till the last, judging by the cut appearing with the Seattle notice.

Of course, our older people recall Judge McDonald as the son of Alexander and Mary J. McDonald, and brother of the late Hon. Edward L. McDonald.

Mrs. Mary B. McDonald, 67, widow of Judge F. A. McDonald, who was president of the school board at the time of her death, and once collector of customs in Seattle, died Friday night in her home, 5722 East Green Lake boulevard, and will be buried Sunday afternoon with services at the home at 3:30. Friends are invited.

Mrs. McDonald was born in Post Mills, Vt., and was the daughter of Mr. and Mrs. Thomas P. Baldwin. She married Judge McDonald at Jacksonville, Ill., October 8, 1874, and it was not until 1881 that Judge McDonald and Mrs. McDonald left Jacksonville for Oregon. They lived at the Dalles until 1888, when Judge McDonald came to Seattle and was followed by Mrs. McDonald in 1890. The home which they built on the south shore of Green lake was one of the first houses in the district. Mrs. McDonald died in this house.

For more than thirty years Mrs. McDonald was a member of the Edgewater Congregational church, now merged with Whitman Memorial church. She was an active member of Chapter A. F. E. O.

Mrs. McDonald is survived by three sons, Donald A. McDonald, 404 West Highland drive; Robert T. McDonald, 5722 East Green Lake boulevard, and by one daughter Mrs. William E. Sander, 5734 East Green Lake way.

PROSECUTION RESTS IN NEWBERRY TRIAL

(Continued on page four)

Jones of Ontonagon. Mr. Rees said his motions would follow the general motions closely, but Mr. Campbell did not indicate what line he would take. It was predicted tonight that not to exceed three weeks will be devoted to defense testimony. The reduction of the number of defendants and the possible narrowing of the issues, it was said, would tend to shorten the evidence. Just how many defendants would take the stand was not known. It was said to be practically certain that Senator Newberry would not be called to testify.

His counsel taking the position that his continued absence from the state during the campaign would make his testimony almost completely hearsay.

Paul King campaign manager, Mark T. McKee, his law partner and Richard Fletcher state labor commissioner, are stated, however, to play leading roles on the witness stand. Fletcher will be asked particularly to refute prosecution charges that he promised either supreme court or state executive clemency for William McKeighan, former mayor of Flint, who was facing a penitentiary sentence in 1918, in return for McKeighan's support for Newberry.

Fletcher has also been brought in the trial as asserting that the campaign cost nearly \$50,000 and as having written more than 100 false signatures on nominating petitions for James W. Helme in the Democratic primary.

ONE YEAR ENLISTMENTS IN 6th FIELD ARTILLERY

The Recruiting Station in Jacksonville is looking for men to enlist in the 6th Field Artillery, which is a part of the First Division and is stationed at Camp Zachary Taylor near Louisville, Ky.

This Regiment has a long history. It was with Pershing in Mexico, and as part of the First Division in France it saw as much fighting as any artillery in the American Army.

An effort is being made to make Battery "C" of this famous regiment "Illinois Own." Men enlisted now in this district will be sent to this battery.

DRAINAGE DISTRICT DEFERENCE COMPROMISED

Commissioners of Indian Creek Drainage District No. 2, were in the city yesterday in conference with their attorneys, Worthington, Reeve & Green, W. H. Dietrick, attorney for a number of the land owners, was also here. It is understood that all objections to the assessment as spread have now been compromised except the objections of the Burlington railroad. It was stated yesterday that a large portion of the assessments against the land have been paid in cash and that it is likely that the work can be done without a bond issue. The bids for construction work are to be received today.

Deceased was about 28 years of age. He is survived by his widow and one daughter. He followed the occupation of farming. No funeral arrangements have yet been made.

RETURN FROM TRIP TO THE WEST

Mr. and Mrs. Alvie McDonald Spent Three Months in California and Mexico.

Mr. and Mrs. Alvie McDonald have returned from a three months' visit in the west. They spent most of the time in California, but made a trip down into old Mexico as far as Mexico City. For several weeks they were with their daughter, Miss Helen McDonald, who is a student at the University of California at Berkeley, and then for several weeks were with their son, Russell McDonald, who is operating a ranch about 20 miles from Los Angeles.

Mr. McDonald said yesterday that the trip was the most interesting that he had ever taken. In California he traveled 4,000 miles by automobile and less than 100 miles of that distance was over earth roads. The living costs, Mr. McDonald found, outside of Los Angeles were not excessive and real estate values in the county areas are steadily increasing. The richest lands in the vicinity of Los Angeles sell for from \$600 to \$5,000 per acre. The climate is so fine in California and the population is increasing so rapidly that Mr. McDonald believes that the prosperity of the country will continue to increase. Mr. McDonald's son this year will have 240 acres of beans and the other crops grown on his ranch will be of a kind to find market with canning factories.

PROSECUTION RESTS IN NEWBERRY TRIAL

(Continued on page four)

Jones of Ontonagon. Mr. Rees said his motions would follow the general motions closely, but Mr. Campbell did not indicate what line he would take. It was predicted tonight that not to exceed three weeks will be devoted to defense testimony. The reduction of the number of defendants and the possible narrowing of the issues, it was said, would tend to shorten the evidence. Just how many defendants would take the stand was not known. It was said to be practically certain that Senator Newberry would not be called to testify.

His counsel taking the position that his continued absence from the state during the campaign would make his testimony almost completely hearsay.

Paul King campaign manager, Mark T. McKee, his law partner and Richard Fletcher state labor commissioner, are stated, however, to play leading roles on the witness stand. Fletcher will be asked particularly to refute prosecution charges that he promised either supreme court or state executive clemency for William McKeighan, former mayor of Flint, who was facing a penitentiary sentence in 1918, in return for McKeighan's support for Newberry.

Fletcher has also been brought in the trial as asserting that the campaign cost nearly \$50,000 and as having written more than 100 false signatures on nominating petitions for James W. Helme in the Democratic primary.

ON Solid Basis.
"In view of many, however, the treasury and banking department of the government brought about the present depression in market conditions because of some stringent rules adopted. They found that there had been too great credit expansion—too much liberality in dealing with some foreign countries—and the sudden tightening up process brought about the depression. While in business today there are many perplexing problems, the country's affairs are on a solid basis and general prosperity is expected to continue."

Building Halted.
"You have noted the depressed market for liberty bonds. In Chicago while there is considerable building going on, architects and contractors will tell you that the year does not promise one-fourth of the number of buildings for which plans and specifications have been made. In the great majority of instances building plans are postponed as soon as the prospective builder gets an estimate. Such a curtailment of the building program will increase the supply of materials available and will tend toward lower prices. In the city the cost of both labor and materials are almost prohibitive.
"I find that a great many men of means are curtailing their personal expenditures, are getting along without purchases for their homes because they feel that they can readily wait until present price levels get down to something like normal. At the same time the financial men that I have talked to do not look for a panic nor for a period of severe depression, largely because of the financial system under which the country is now operating."

OLD JACKSONVILLE

SOME SCRAPS OF MEDIUM AGE

By Ensley Moore

(Member Illinois State Historical Society)

The intent of this series of papers has been mostly to come down to the end of the Civil War, 1865. But a scrap book begun January 1, 1874, may have some things of interest to younger people. As a rule these scraps are from the Journal.

Meeting of Old Friends.
By invitation of Judge Thomas, the Rev. Peter Akers, with whom he became acquainted in Russellville, Ky., fifty-one years ago and the Rev. W. D. R. Trotter with whom he became acquainted in Bowling Green, Ky., fifty-three years since, with their ladies, with Rev. Isaac Crook, of Grace church, a few evenings since partook of a turkey dinner with the Judge. Judge Thomas came to Illinois in 1826, Mr. Trotter in 1830, and Mr. Akers in 1832. March 8, 1877.

Dickson.
Major A. C. Dickson, long leading politician of Illinois, resident in Jacksonville and U. S. Marshal for the Southern District of Illinois, under-president Buchanan, made our county a visit this week, among many old acquaintances and friends. He comes in the interest of the St. Louis Times, and finds the way to go easy here. Success to you, Major. Probably in J. R. Bailey's "Sentinel" along about 1875 or 1880. Mr. Dickson lived in, if he did not build the home now occupied (with changes since) by the Misses Drummer, College second or third door west of Prairie street, south side of street.

Major Cole, Evangelist.
The Journal of Dec. 15, 1878, had a testimonial to Major J. H. Cole, at the end of his Evangelistic services here, signed by the Evangelical ministers and some other workers. It is valuable in part as showing who the ministers were then. The signers were Eli Corwin, Congregational church, R. M. Barnes, Grace M. E.; L. M. Glover, First Presbyterian; W. W. Harsha, Central Presbyterian; S. M. Morton West-

minster; M. T. Lamb, First Baptist; D. W. English, Centenary; E. N. Pires, Central Portuguese; W. F. T. Spruill, Brooklyn M. E.; and Rev. Mason Grossenor, Illinois College; Phillip G. Gilett, I. S. D.; R. D. Russell, President Y. M. C. A. The services were held in the First Presbyterian church, on the lot southeast corner West and West State streets.

"Death of an Aged Lady."
The Journal of Feb. 29, (1878) said its correspondent at Concord had sent in a notice of the death of Mrs. Martha A. Conover, wife of Rev. James Conover, who died Feb. 16, at her home in Jersey Prairie. She was 67 years of age. Her maiden name was Redding, and she came with her father's family to Morgan County in 1824. At the age of 13 she was received into the Baptist church. In 1831 she united with the Christian church with her husband. Her life has ever been consistent with her early professions, her piety being of the deepest and most constant character."

"Tip" Barber.
"Mr. Thomas Barber E. College avenue has just received a letter from Port Gibson, Miss., announcing the death of his nephew, Capt. Thomas C. Barber, who died Feb. 5, of pneumonia. He leaves a young wife and four children. Capt. Barber has resided in Mississippi since the close of the war in 1865, and was highly esteemed as a citizen. He was born in Jacksonville and was reared in the family of his uncle, Thomas Barber. At the outbreak of the Civil War he enlisted at the first call, in the infantry, but entered Capt. Rodgers' battery, rising steadily for competency and bravery. He had at one time government property to the value of half a million dollars in his charge and settled correctly to a cent. He was about forty years of age, and has had charge of a valuable estate belonging to a lady in Mississippi." Journal, about 1879.

BELIEVES PEAK PRICES HAVE BEEN REACHED
Edward Clifford Talks In Interesting Vein About Financial Affairs.

Edward Clifford, who was in Jacksonville recently expressed some interesting views with reference to the business and financial situation. Mr. Clifford was not talking for publication and makes no pretense of being a financial expert. However, the stock and bond business in which he was engaged for a number of years before taking up government work in Washington during the war period, has given him a considerable acquaintance with financial men.

"I have talked to a number of bankers, contractors and business men engaged in various lines," said Mr. Clifford, "and I find practically common agreement in feeling that we should have reached the peak of prices and are now on the descending scale. The record of business shows that the New York stock market gives indication of business conditions that may be expected. In past weeks there has been a very decided downward tendency in stocks and a number of known intrinsic worth have been selling for what they should."

Building Halted.
"You have noted the depressed market for liberty bonds. In Chicago while there is considerable building going on, architects and contractors will tell you that the year does not promise one-fourth of the number of buildings for which plans and specifications have been made. PowerFarming "Seguro Miguel!" CASE PowerFarming "Seguro Miguel!"

The days of horse and hand power farming have gone into the discard—verily, the old order passeth.

—This is just as true for the man who farms an "Eighty" as for the one who farms "Eight Hundred." Speed and a lessening of expense, with a greater return, is the order of the day. The up-to-date and wise farmer uses power farm machinery wherever possible.

—The J. I. Case Company, pioneers in these lines, build superior tractors, threshers, pulverizers, discs, plows, etc., and we shall have a complete set to show you in a few days.

—See us about these modern Implements, and place orders now to avoid disappointment.

The "All Work Kerosene Tractor" contains no freakish nor experimental principles of mechanical construction

It turns in a radius of 12 feet. In material and workmanship it is fully equal to any of the highest priced tractors. The gears are more thoroughly enclosed than on any other tractor. It is compact, sturdy and rigid in construction. It is simple in design. Gives good satisfaction in hands of inexperienced users as when operated by experts. Has less weight per horse power. Its popularity is evidenced by 35 satisfied users.

STILL ADDING TO
TRANSFER RECORDSEIGHTY INSTRUMENTS WERE
FILED TUESDAY.Told For the Past Three Business
Days Largest Known—Land
Transferred to J. W. Arnold
Totalled \$137,500.

The record was again broken Tuesday in the office of C. W. Boston, circuit clerk and recorder. Eighty instruments were filed, notwithstanding the fact that 75 instruments were entered Monday and 46 on Saturday. Mr. Boston together with his assistants, Mr. Scott and Miss Leonard, have enough recording work in sight to continue thru many days to come, even if no additional instruments were filed.

The largest transfer yesterday is that from E. M. Tindall et al to J. W. Arnold. The land involved, a tract of 448 1-2 acres, belonged to the estate of the late Isaac Tindall and the purchase price paid by Mr. Arnold was \$127,550. Mr. Arnold transferred to his brother, A. D. Arnold, 138 1-2 acres from this tract for the sum of \$41,550. This left Mr. Arnold 320 acres and he already owns 715 acres in the same locality.

Another transfer involving a considerable sum was that of George B. Middleton to A. G. Lind. The land sold was part of the southeast quarter 4-14-11, located about five miles southwest of Jacksonville, the transfer price being \$52,020. Mr. Lind made the purchase a number of months ago and recently sold the tract to J. W. Wilson. Now, Mr. Lind is a resident of South Jacksonville, having purchased from Dr. W. H. Weirich his residence on South Main street. Dr. Weirich, as the transfer records show, is now the owner of the West College avenue property which he purchased from J. E. Knapp.

Another transfer running to high figures was that of G. A. Leach to M. S. Zachary. The land transferred is the east half of the southeast quarter of 22-15-11, for a consideration of \$39,156. Mr. Leach also transferred to Robert Scott the north half of the southeast quarter in 20-15-11. All of this land is located a few miles west of Jacksonville.

A part of the old Richardson farm in the Point neighborhood now owned by Goudy Mayfield was yesterday transferred to H. P. Hemple. This land is described as part of the southeast quarter of 33-15-11 and it is located half a mile south of Point church. The consideration was \$46,000.

Below are listed the other transfers. In all cases where no consideration is given the deed indicated a consideration of \$1. Lucy Scott sold to A. J. Ruble the east half of the northwest quarter of 14-14-10. This tract is located near Ashbury church.

John Lewis sold to John J. Carrigan the west half of the southeast quarter of the northwest quarter in 8-14-10. Consideration, \$4,000. This land is located two and a half miles south of Jacksonville.

Benjamin Cade transferred to Robert Smith the west half of 31-14-10. This tract of 218 acres is located two and a half miles southwest of Woodson.

John Tracy transferred to William Hemphreys the west half of the southwest quarter in 24-14-11. This 80-acre farm is five miles west of Woodson, and the purchase price was \$10,000.

Susan McLamar sold to G. O. Webster part of the southwest quarter of the northeast quarter in 7-15-10, land located a short distance north of Jacksonville.

O. G. Wood transferred to Perry Simmons the north half of the southwest quarter of 21-18-10. Consideration, \$12,500. The tract is situated a mile and a half southeast of Murraville.

J. E. Osborne sold to R. A. Merginson the south half of the southeast quarter and the northwest quarter in 24-16-9. This land which is located about nine miles northeast of Jacksonville, was sold by William Batz to C. N. Priest and then was purchased by Mr. Osborne.

L. P. Fisher transferred to Robert Wegehoff 80 acres described as the east half of the southwest quarter of 18-12-8. Consideration, \$25,000. The farm is located three and a half miles southwest of Waverly.

T. E. Cockin transferred to C. A. Rouse the west half of the southwest quarter of 6-14-8. This is an 80-acre tract located 2 1-2 miles south of Alexander on the main road to Franklin.

Henry Hemple sold to J. P. Wilson the west half of the northeast quarter etc. in 7-15-9. This farm is located six miles northwest of Jacksonville.

L. W. Bantist transferred to L. P. Fisher the southwest quarter of the southwest quarter etc. in 21-14-10, for \$28,975. This farm is located a short distance west of Woodson. Mr. Bantist purchased from Agnes King his 80-acre farm one mile east of Murraville for the sum of \$28,600. This land is described as the north half of the southeast quarter of 8-13-10.

Charles Deane transferred to Dottie Bantist part of the southwest quarter of the northeast quarter in 6-16-11, \$850 consideration.

J. E. Paulson transferred to George Mason part of the east half of the northeast quarter 24-15-10, for the sum of \$10,000.

George Mason transferred the same tract to E. T. Hyde. The land is situated just a short distance east of Jacksonville.

A. G. Lind transferred to George Mason part of the southeast quarter of the southeast quarter of 19-15-10. The land is located just southwest of this city.

E. R. Carter sold to Ashford Ator the east half of the southeast quarter in 8-12-1, for a consideration of \$31,000. This tract

contains 140 acres and is near Mt. Zion church.

Alvin McDonald sold to George H. Hall part of lot 3 in the northwest quarter of 3-15-10. This tract is located two miles north of Jacksonville. Mr. Hall transferred a portion of this property to J. H. Laurie and Mr. Laurie deeded 14 acres in 16-10 to Mr. Hall.

Minnie Graft et al transferred to J. O. Johnson part of the south half of the southeast quarter of 6-16-10, for a consideration of \$11,000. The land is situated two miles northwest of Arcadia.

Julian W. Hall transferred to Scott Holmes part of the east half of the northwest quarter of 16-15-11. This land lies a short distance north of Markham.

Gottlieb Burger to Jeremiah Davis, southwest quarter northeast quarter 6-16-11, \$60.

T. G. Beeley to Joseph Beeley, same tract, \$1,100.

W. E. Hall et al to Scott Holmes, pt. lot 5 in 16-15-11, \$1.

The city real estate transfers recorded were as follows:

Hilda Ross to A. C. Kingsley, lot 14 M. P. Ayers' addition, \$1.

Austin C. Kingsley to Rose Kingsley, lot 14, M. P. Ayers' addition, \$1.

William Kastrup to T. D. Beeley, lot 5, Lloyd Sherley's addition to Jacksonville, \$2,500.

Large Number of Members and Several Visitors in Attendance
—Program of Interest Carried Out

A large number of the members and friends of the American Legion Post No. 279, enjoyed an excellent program last evening in the Elks Hall.

The D. O. K. K. quartet, H. C. Hopkins, Dr. McGill, James Guyette, and Maurice Peckham, rendered a number of selections which were greatly appreciated.

W. T. Harmon, chairman of the Memorial Committee reported that the arrangements were completed for the presentation of the French Diplomas, these Diplomas will be given to relatives of those who made the supreme sacrifice in service. The presentation will be held on March 28, but the place has not yet been determined.

A communication from the Gold Star Legion concerning Memorial day was read.

Twelve new members were added to the roll of the post.

There were a number of very interesting talks made by different members and visitors. Bernard Gause made the main speech of the evening. J. E. Allen, and Frank L. Vannier, of the Roodhouse post were present and talked.

Polley the "human fly" made an interesting talk. C. E. Seaman, inspector of the Jacksonville Packing company, and Sam Levisohn, the new manager of the Grand spoke.

D. A. R. SELECTS
CONVENTION DELEGATESWere Chosen at Postponed Meeting
Held Tuesday—Much Other
Business Transacted.

Members of James Caldwell Chapter D. A. R. met in the ball room of the Alexander apartments Tuesday afternoon with a large attendance of members. The meeting was one postponed from February 24 and was a business and social gathering, there being no program.

After the reading and approval of the minutes of the January meeting, and the minutes of the executive session of February 21, delegates to the national congress in Washington April 19 and to the State conference were chosen.

The National delegates are: Regent, Miss Fairbank; delegate, Mrs. E. C. Carter; alternates, Mrs. G. L. Merrill, Mrs. O. F. Bufile, Mrs. Lillian W. King, Mrs. J. Marshall Miller, Mrs. C. F. Ehnle, Mrs. Frank Elliott, Mrs. C. E. Black, Miss Ellie Trabe, Miss Jeanette Russel and Miss Susan Draper.

Delegates to the state conference are the Regent, Miss Fairbank. Delegate, Mrs. W. L. Alexander. Alternates, Mrs. J. Marshall Miller, Mrs. Lillian W. King, Mrs. Herbert Capos, Mrs. Miller Weir, Miss Mary Wadsworth, Miss Josephine Hayden.

The principal business discussed at the meeting was the Gov. Joseph Duncan Memorial. Ten additional tablets were reported, making a total of 145 tablets to date. The chapter has subscribed a total of \$14,500 for tablets and \$265 in small subscriptions. The tablet committee reported \$5,640 deposited in the bank.

Ten new members were accepted into the chapter at this meeting. Ten new applications for membership were received.

Snappy enthusiastic talks were made by members of the tablet committee, officers and members of the chapter on the campaign to secure the Duncan-Kirby home for a permanent chapter house. It is also the purpose of the chapter to make it a community center for the club, social, literary, and musical life of Jacksonville.

The Regent was instructed to extend an invitation in behalf of the chapter to the state conference to meet in Jacksonville in March 1921.

Resolutions on the loss of Mrs. Nannie Hitt Matthews to the Chapter were presented by the committee. Mrs. Caroline Green Johnson and Mrs. Hattie Bartlett Vosseller and adopted.

Following the business meeting adjournment was taken to the Alexander apartments where a social hour was enjoyed and refreshments were served by the hostesses, Mesdames Alexander, Bufile, T. V. Hopper, William Cleary, Frank Strawn, Tandy, Moore, Tindall, Miss Flora Hall and Miss Mary Johnston.

GREEN COUNTY MAN SUFFERS INJURY

S. A. D. Martin of Apple Creek, Prairie Township, under wagon wheels, passing over chest, Weather For February—Gregory Farm Tells of Corn Testing Methods.

White Hall, March 1.—S. A. D. Martin, residing on Apple Creek, five miles southwest of White Hall, received injuries this morning by being run over by the rear wheels of a wagon that

may prove of a serious nature. Mr. Martin had loaded his cream for bringing to the White Hall milk condenser, and as he stepped between the wheels the horses started and threw him down, the rear wheels passing over his chest. His head was also injured in striking the ground. The case is a serious one on account of his age, he being past sixty years, and it is feared that pneumonia may develop.

Weather For February.

The monthly report for February of R. B. Pearce, cooperative observer of the weather bureau, shows that the average temperature was 2.5 degrees above normal, the mean for the month being 32.6 degrees. The mean maximum was 41.3 and the mean minimum 24 degrees. The highest was 52 on the 2nd and the lowest one above zero on the 16th.

The total precipitation was 0.14 inch, 1.52 inches below normal, the greatest in 24 hours being 0.05 inch on the 9th. There was a trace of snow on three dates, but there was no snow covering for winter wheat, there being no snow on the ground on the 15th or at the close of the month. There were four days with precipitation of 0.01 inch or more.

THANKFUL FOR HER HEALTH

Before Taking Lydia E. Pinkham's Vegetable Compound Mrs. Penkey was Miserably Ill

Ottawa, Ohio.—"After the birth of my baby I was troubled with serious female trouble. At times I was so weak and nervous I could not stand to hear my baby cry. I tried doctor's medicine with no results. At last a friend advised me to try Lydia E. Pinkham's Vegetable Compound which I did and am completely cured. I am thankful for your wonderful medicine and you can use my testimonial as you think best."

—Mrs. JOHN PENKEY, R. 3, Box 6, Ottawa, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from active roots and herbs, contains no narcotics or harmful drugs, and today holds the record for being the most successful remedy known for woman's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidentially) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Miller's Antiseptic Oil, Known as SNAKE OIL

Positively Relieves Pain in Few Minutes

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff, and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria, and tonsillitis.

This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Get it at Armstrong & Armstrong's Drug Store.—Adv.

What to do for Indigestion

"Pape's Diapiesin" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach or intestines.

A few tablets of "Pape's Diapiesin" bring relief almost as soon as they reach the stomach. They help regulate disordered stomachs so favorite foods can be eaten without distress.—Costs so little at drug stores.—Adv.

ESSEX

Despite \$2,250,000 Spent in Enlarging Plant, the Essex Manufacturers Cannot Keep Up With Demand for Its Superior Car — We Strongly Recommend Your Investigation of the Merits of the Essex, and the Placing of Your Order Now.

Interesting Facts

The demand for automobiles will be greater this Spring than ever before in the history of the industry and the Summer of 1920 will again find the market swept bare of cars forcing owners to wait weeks and sometimes even months for delivery.

The most optimistic forecasts place the production in 1920 at only 2,000,000 cars. Figuring conservatively, there are 6,500,000 cars in use today in the United States. As the average life of a car is five years, the scrapage each year totals more than 1,000,000 cars. So production will be less than double the actual scrapage.

Take the case of the Essex, for instance. In 1919 there were 20,000 Essex built and sold, but even this number proved insufficient to supply the demand. In 1920 the production will be 40,000 cars, the factory having spent more than \$2,250,000

during the past year in enlarging its facilities. But still the number we have been able to obtain is not sufficient to satisfy the need of our customers and will be far short of our requirements when the rush to obtain new cars begins in the early spring.

Of course, the Essex is an exceptional car. By combining all the beauty, luxury and performance of the most costly cars with a moderate first price and the utmost economy of operation, it has filled a transportation need. So the demand for it has been usually heavy but there will be the same shortage of all good cars next summer as there was last year.

Therefore the only way to avoid disappointment in obtaining a car for early delivery is to order at once.

TO THE BUYING PUBLIC

Does an Improved Valve-in-head Motor interest you?
Does a 10-in. Borge & Beck Dry Plate Clutch interest you?
Does a one piece Rear Housing seem as strong as a three piece riveted or welded job?
Does a full Cantilever Spring 46 1/2 x 2 1/4 ride as easy as a shorter one?
Does an Oak Frame Body covered with metal rattle as much as spot welded bodies?
Does a car of 118 inch wheel base jump all over the road as much as one of shorter wheel base?
Does a taper bearing stand as much strain as a little ball bearing?
Does a high grade cast iron piston pump oil after 2,000 miles of driving?
Does a Columbia axle ever wear out or break?
Does a force feed and splash system oil perfectly?

If these points of the Elgin Six sound good, come in and let us demonstrate them to prove their worth.

FLU EPIDEMIC IN CHAPIN SUBSIDES

Churches Resumed Regular Services Sunday—Generous Response to Y. W. C. A. Plea—Other Items

Chapin, Ill., March 1.—We are glad to report that the epidemic of sickness in and around Chapin is subsiding and the churches which have been closed for the past three weeks will have their regular services again today, the pastors are very anxious that there should be a large attendance of members and friends.

We are advised by our precinct chairman, Mrs. F. M. Roberts, that Chapin will "go over the top" in the Y. W. C. A. drive—nearly everyone approached on the subject seemed anxious to be represented in such a noble undertaking.

Permalife BATTERIES

All materials that go into Permalife batteries—acids, and rubber, metal or wood parts—are subjected to a rigid analytical test before being used.

This insures you against a short-lived battery—one in which the materials are not up to specifications.

And it's one of the things that enables us to guarantee Permalife for 20 months—the longest, real battery guarantee in America.

BUSINESS ON STOCK EXCHANGE DULL

(By The Associated Press)
NEW YORK, March 2.—Busi-ness on the stock exchange today was extremely dull and hesi-tant, the market taking little further heed of the supreme court ruling in the United States Trust case and other developments usually accounted as favorable. Trading was the lightest and narrowest in volume of any full session in many weeks, but pressure was limited to high grade specialties embracing motors, oils, equipments, leathers and textiles. Reactions of two to six points in those issues were only partly covered at the apathetic close. Sales amounted to 465,000 shares.

Firmer money tendencies were an overshadowing factor bearing upon quoted values. There was no lack of call money at 10 per cent but 9 to 9 1/2 per cent was offered for time funds without appreciable response.

URGES PEOPLE TO FIGHT CATARRH
WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading
Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.

Says: Inflamed Nostrils
Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

**WHITE HALL PLAN IS
A SUCCESSFUL ONE**

White Hall Labor Interests Have Plan Which Relieves Employees of Maintaining Organization — W. G. Ebey Writes from Hamlet, N. C.

White, Halk Ill., March 1. — The direct action plan of White Hall labor interests in presenting grievances and dealing with their employers has received no little attention in recent months, because it has resulted in the continuous and successful operation of the clay manufacturing institutions with scarcely an interruption during the entire war period. The plan relieves the employees of the expense of maintaining a labor organization with its officers, committees and walking delegates. Instead the men chose one or more of their number when they have a grievance to present to the heads of these institutions, and good results and the best feeling always follow. The scale of wages now paid at White Hall averages higher than at Red Wing, Minn., and other western clay manufacturing centers, and the non-interruption of work here during or since the war has enabled White Hall manufacturers to extend their territory in the sale of sewer pipe, stoneware, drain tile and building blocks, a further increase of two and a half cents per hour having been granted effective on the 15th inst. without any representation from the men, applying to all the shops in town and the clay mining works, including the industrial railroad employees.

Great interest, therefore, attaches the attitude of a White Hall man who is prominent in the affairs of the railroad brotherhoods who was official spokesman at the last labor conference before the director general of railroads at Washington as assistant to the president of the American Train Dispatchers' association. His name is W. G. Ebey, and in a letter from Hamlet, N. C., just received by Charles Richert, the veteran White Hall barber, he says:

"Yours of recent date is received on my return from Washington. I'm writing to thank you sweetly for your expression to your Sunday school class about Bill Ebey. You evidently have faith in me. Faith is what this great commonwealth of ours is sorely in need of. Fears and doubts and jazz talk and have gripped the country since the war ended, and are largely matters of psychology. The masses have been shell-shocked; some of them have been gassed. I hate to say so, but some of those fellows in the senate need the 'once over.' Some of them remind me of the fellow in the long ago, after a 'night out and the morning after'—they are on the fence, and rotten politics and lobby gangs say them from their real judgment. Charley, we need today the spirit of the grand, good man, George Washington—the same faith, the same principles, the poise, the sense of justice, belief in ourselves, good common sense, faith that is splendid, and work that is the basis of all progress, and we shall go forward. I believe the best days are yet to come, but they will not arrive until the tin-horn street orator and the masses eliminate the jazz stuff and get to work. These are a part of my remarks to the heads of the railroad administration at Washington. Some of our labor leaders are radical, some of them are unreasonable, and some of them lose sight of justice and look forward to selfish gain. I've studied it from all angles, and can find only one solution, and that is 'live and let live.' I'm off for Savannah, Ga., and Birmingham, Ala., the coming week. Will organize an assembly at Savannah March 3rd, and address the railroad Y. M. C. A. at Birmingham at 8 p. m., March 5th."

The Smaller Cars—and the
World's Most Popular Tires

No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3, 30x3½, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes, are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.
